Copies of pre-requisites (i.e., certifications, proof of age, high school diploma, etc.) listed on the Training Announcement (TA) may be either mailed to the Course Coordinator listed on the TA via the county courier or scanned and attached electronically to the email submission of your Training Request Form.
6. Within three full working days of the registration closing date for each training course, the Course Coordinator or designee shall send an email to those who submitted a Training Request Form indicating whether the student is enrolled in the course, placed in a pending status, or denied entrance into the program. If enrolled, the time, date, and location of the first class, will be included. If enrollment was not granted, the email shall provide an explanation for the denial.
7. ALS programs require approval by the ALS Committee and the Operational Medical Director; therefore, students approved for ALS classes will receive email notification within the required time period indicating that their "paperwork" will be submitted to the ALS Committee, and will be notified whether they have been endorsed within three business days after the ALS Committee meeting and approval by the Operational Medical Director.
